

## IA School of Management Studies

### **IA School of Management Studies Signs MOU with IMS Pro School for Value Added Courses**

The ever-changing corporate scenario makes it competitive and challenging for management students to start their careers with just an academic degree. There is a growing need for students to be agile and gain new skills for a better career. IA School of Management Studies aims to enhance employability of our students by adding value-added courses in their curriculum which is designed to enhance the standard of the students beyond those levels specified in the academic curriculum.
